Sovendus

Voucher Network

The Sovendus network connects shops with each other and ensures that everyone wins: each shop rewards its customers with a voucher from another shop after completing the order. In this way, all our partners generate valuable traffic for each other and each webshop benefits from additional sales and new customers.

It's that simple:

1. Reward after shopping

After the purchase, our partner shops reward their customers with a voucher from our voucher network. This is done via a thank you banner on the checkout page.

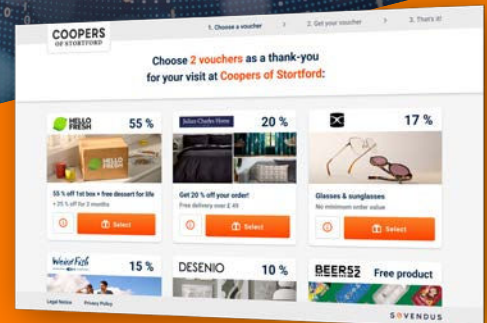

2. Selecting a voucher

With a click on the banner, customers are taken to our voucher selection page and can choose a voucher from a partner shop.

3. Redeeming the voucher

Afterwards, customers can redeem their voucher directly in your shop and will be rewarded again with a discount. This is how we successfully network our partners with each other and generate additional sales and new customers for you.

Your advantages:

- More turnover and valuable new customers
- Additional traffic and increased brand awareness
- Closed voucher network with active online shoppers
- Performance-based remuneration
- No minimum contract period

Integration:

- Easy and fast set-up
- Responsive for desktop and mobile
- Cookie-free integration

Available in Germany, Austria, Switzerland, the Netherlands, Belgium, Great Britain, Ireland, France, Italy, Spain, Poland, Denmark, Sweden, and Norway.

Trusted by shops in 14 countries:
